

Environmental Policy

Sackers are a waste and scrap recycling company and believe that we have a responsibility to care for and protect the environment in which we operate. We are fully committed to improving environmental performance across all of our business activities.

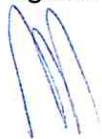

To achieve our environmental commitment, Sackers will as a minimum:

- Ensure compliance with all relevant legal duties in respect of environmental legislation
- Assess our organisational activities and identify areas where we can minimise impacts.
- Continually seek to improve environmental performance through setting and reviewing objectives and monitoring achievement against targets.
- Discuss environmental matters with all staff and permanent contractors, encourage participation and provide training to key personnel.
- Proactively promote environmental good practice to our staff, contractors, customers and suppliers.
- Aim to include environmental and ethical considerations in investment decisions where appropriate.
- Assist in developing solutions to environmental problems with the commitment to prevent pollution.

This document will be displayed prominently, made available to the public upon request, communicated to all new employees or permanent contractors and will be kept under review to ensure its continuing relevance.
